

## Top Professional Academic Names (Best for IEEE + Resume)

1. Behavioral Intelligence Profiling Engine (BIPE) 
  2. Temporal Interview Profiling System (TIPS) 
  3. Cognitive Behavioral Evaluation Engine (CBEE)
  4. Neural Interview Assessment System (NIAS)
  5. Behavioral Signal Analysis Framework (BSAF)
  6. Interview Dynamics Profiling Engine (IDPE)
  7. Temporal Behavioral Analysis System (TBAS)
  8. Computational Interview Evaluation System (CIES)
  9. Intelligent Candidate Profiling Backend (ICPB)
  10. Cognitive Response Assessment Engine (CRAE)
- 

## Modern & Technical (Clean, Product-like)

11. ProfileSense Engine
12. InsightFlow Interview Analyzer
13. EvalCore Behavioral Engine
14. PersonaTrace
15. NeuroProfile Core
16. TempoAssess
17. BehavioPulse
18. EvalStream Engine

**19. InterviewIQ Engine**

**20. MindMetric Profiler**

---

 **AI/ML-Focused Names (Good for Research Papers)**

**21. Temporal Behavioral Modeling Engine (TBME)**

**22. Sequence-Based Interview Evaluation Network (SIENet)**

**23. Behavioral Transformer Profiling System (BTPS)**

**24. Temporal Response Analysis Network (TRANet)**

**25. Human Behavioral Sequence Analyzer (HBSA)**

**26. Candidate Behavioral Modeling Engine (CBME)**

**27. Response Sequence Understanding System (RSUS)**

---

 **Short, Strong, One-Word Names**

**28. ProfilerX**

**29. BehavioX**

**30. Cogniview**

**31. Evalora**

**32. Sentio**

**33. Clarion**

**34. Insightor**

**35. TempoAI**

---

# My top 5 recommendations for YOUR project, specifically

These match your workflow, architecture, and final output the best:

## 1. Temporal Interview Profiling System (TIPS)

- Perfectly describes your pipeline
- Sounds academic
- Not tied to multi-modal wording
- Shows the core (temporal AI)

## 2. Behavioral Intelligence Profiling Engine (BIPE)

- Simple & powerful
- Sounds like a serious ML system

## 3. Interview Dynamics Profiling Engine (IDPE)

- Focus on human dynamics
- Good for a report or IEEE paper

## 4. Temporal Behavioral Analysis System (TBAS)

- Direct match to your Transformer temporal model

## 5. Cognitive Behavioral Evaluation Engine (CBEE)

- High-end, research-flavored name
  - Feels like something an AI lab would publish
-
